## **Textron Systems Acquires MillenWorks**

### **Innovative Design & Rapid Prototyping Expertise Complements Textron Marine & Land Systems' Capabilities**

**Wilmington, MA – June 10, 2010** — Textron Systems, a Textron Inc. (NYSE: TXT) company, today announced that it has acquired MillenWorks, an internationally recognized innovator in advanced MillenWorks solutions for demanding on-road and off-road applications. The details of the acquisition were not disclosed. The Tustin, CA-based company will be a strategic business of Textron Marine & Land Systems, an operating unit of Textron Systems, in New Orleans, LA.

The privately owned MillenWorks, which was founded by off-road racing legend Rod Millen, has designed and produced cutting-edge light tactical, unmanned ground, armored and off-road vehicles and subsystems since 1980. MillenWorks continues to develop new solutions valuable in both military and commercial vehicles, including advanced suspension systems for manned and unmanned applications, hybrid solutions optimized for compact vehicle integration, and weight optimized vehicles. MillenWorks' solutions scale from highly optimized component design, through advanced electromechanical subsystems, up to fully integrated vehicle systems.

"Year after year, MillenWorks has proven its ability to create high performance, mobile and safe vehicles. Behind MillenWorks' success is a talented team that we look forward to having join our family as we deliver forward-looking but practical solutions that enable our customers to operate in the most demanding environments," said Tom Walmsley, senior vice president and general manager of Textron Marine & Land Systems.

“Having partnered with Textron Marine & Land Systems in the past, we are confident that this is a good fit for our team. We will have the support needed to continue to increase the capabilities of many types of vehicles, deliver innovative solutions to our customers, and grow our business,” concluded Rod Millen, president of MillenWorks.
